

## TECHNICAL DATA SHEET

### ROX® Pro DPF Flush Cleaner

Code 8302

*Specially formulated for cleaning and regeneration of the DPF system*

#### DESCRIPTION

ROX® Pro DPF Flush Cleaner is a cleaning solution formulated for cleaning and regeneration of diesel particulate filter (DPF) systems. It features a high-efficiency cleaning formula with strong degreasing, wetting, and excellent dispersing properties, making it effective in removing most soot deposits and residues from DPF systems. The product is safe to use on DPF and metal materials. It is readily biodegradable, phosphate-free, and meets the U.S. EPA Safer Choice product requirements, making it an eco-friendly and safer choice for both professionals and DIY users.

#### FEATURES AND BENEFITS

- **Effective cleaning:** The DPF Flush Cleaner is highly efficient in removing most soot deposits and residues from DPF systems, resulting in improved performance and reduced back pressure of the exhaust system.
- **Safe for use:** The DPF Flush Cleaner is gentle and safe to use on DPF and metal materials, ensuring that it won't damage the delicate filter and parts during the cleaning process.
- **Environmental friendliness:** The DPF Flush Cleaner is a sustainable product that is readily biodegradable and phosphate-free, making it an eco-friendly choice for cleaning DPF systems.

#### APPLICATION

- Shake well before use. Do NOT add to diesel fuel tank.
- Demount the particle filter and seal one opening with tape. Fill the filter with the cleaning solution.
- Soak the filter for about 10 hours and shake it from time to time.
- After the cleaning process, rinse the filter thoroughly with warm water.
- Re-mount the particle filter and do a test drive of at least 20 minutes. If DPF regeneration does not start automatically, start it with a garage probe.

#### SPECIFICATION

Appearance colour:	Pale yellow coloured or colourless liquid
Density:	1.03 +/- 0.02
pH value at 20°C:	12-13
Transparency:	Clear or slightly opalescent liquid

#### HANDLING

Keep out of reach of children. Refer to the Material Safety Data Sheet for further information.

## TECHNICAL DATA SHEET

### FIRST AID

If swallowed – Rinse mouth, do NOT induce vomiting. Contact a doctor or Poisons Information Centre. If in eyes, flush with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. If on skin, rinse skin with water or shower.

### PACK SIZES:

8302/300	300ml
8302/42	5L
8302/51	20L
