

TECHNICAL DATA SHEET

ATAGO REFRACTOMETER MASTER 53M

Metal Body Version

DESCRIPTION

The Atago Refractometer MASTER-53M is a good alternative choice when the water-resistant feature is not a priority, and the temperature compensation will be carried out manually. The Atago Refractometer MASTER-53M is made from metal and can be used anytime, anywhere. This digital refractometer measuring device has also been equipped with a sensitive sensor so that it is able to respond to measurement results in a short time.

FEATURES & BENIFITS

- Made from metal
- Simple operation – apply sample, press start, and reading is displayed in seconds
- No more reading errors – digital display for easy readings
- Sleek new design
- Automatic sample distribution
