

TECHNICAL DATA SHEET**CH8000****Code 2515*****Exterior Aircraft Cleaner for Wet & Dry Wash Applications*****DESCRIPTION**

Callington CH8000 is a solvent based water dilutable compound specifically designed for cleaning aircraft exterior surfaces. It is designed to facilitate both dry and wet wash applications.

Callington CH8000 can break and remove heavy oil and smoke trail deposits associated with the landing gear and engine exhaust areas of the aircraft.

Treated surfaces are left with a clean glossy finish.

APPLICATIONS

- Designed as a cleaner/degreaser for painted exterior aircraft surfaces.
- Heavy duty cleaner for landing gears, engine exhaust areas, wing flaps, grease, oils and hydraulic oil build up.
- Can be used with either a dry or wet wash application.

DIRECTIONS FOR USE

Dry Wash – Apply CH8000 directly onto a clean absorbent towel/mop head and wipe the surface. Wipe surface again with a clean damp towel to achieve a superior gloss finish.

Wet Wash – CH8000 can be diluted 1:5 with water to form a micro-emulsion which can be applied by brush, swab, spray or foam generator.

Adequate dwell time should be allowed before agitating with a brush prior to water rinsing.

APPROVALS

Boeing D6-17487

TECHNICAL CHARACTERISTICS

Appearance : Clear amber liquid
Density at 20°C : 0.97
pH : 10.7 (neat)
Rinsability : No streaking
Non Flammable

TECHNICAL DATA SHEET

SAFETY AND HANDLING INFORMATION

Please read Material Safety Data Sheet before using this product.

CH8000 is alkaline and will cause defatting of skin with continuous use.
Avoid contact with eyes, skin and breathing spray mist.

Wear eye protection and protective gloves when using (use butyl, neoprene or viton gloves and chemical goggles).

FIRST AID

If swallowed, do NOT induce vomiting.

If in eyes, hold eyelids apart and flush the eye continuously with running water.

Continue flushing until advised to stop by the Poisons Information Centre or a doctor, or for at least 15 minutes.

If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water.

PACKAGING

5 litre, 20 litre and 200 litre drums.
