

## TECHNICAL DATA SHEET

# ROX<sup>®</sup> 110 AG

## CATALYTIC CONVERTER CLEANER

**Code 8775**

***Catalytic converter cleaner and de-carboniser for addition to an external cleaning canister***

### DESCRIPTION

As Catalytic Converter deposits accumulate over time and mileage, performance deteriorates. ROX<sup>®</sup>110 AG is a highly concentrated formulation designed to clean the catalytic converter and to remove stubborn carbon deposits from surfaces, restoring the power, performance and fuel efficiency of the vehicle.

### DIRECTIONS FOR USE

ROX<sup>®</sup>110 AG is formulated for use in conjunction with an external canister cleaning system. The canister cleaning system is filled with ROX<sup>®</sup>110 AG and is then connected to the engine injection system in place of the regular fuel supply. The vehicle engine is run for a sufficient time to clean the injection system and remove engine deposits. For more detailed instructions and quantity to be used refer to the instructions supplied with the canister unit.

### CHARACTERISTICS

Appearance : Clear yellow liquid  
Density : 0.84 g/ml

### HEALTH & SAFETY

Use only in well ventilated areas. Avoid contact with the skin and eyes. Wear eye protection and protective gloves when using. Avoid breathing vapours or mists.

For further guidance on Product Health and Safety refer to the appropriate Material Safety Data sheet.

### PACKAGING & AVAILABILITY

Available in 20 litre containers.
