

**Material Safety Data Sheet**

May be used to comply with OSHA's Hazard Communication Standard, 29 CFR 1910.1200.

**SHERWIN INCORPORATED**

5530 Borwick Avenue South Gate, California 90280

Phone: 562-861-6324 Fax: 562-923-8370

IDENTITY (as Used on Label and List)

**DUBL-CHEK CP-1 WHITE CONTRAST PAINT (aerosol)***Note: Blank spaces are not permitted. If any item is not applicable or no information is available, the space must be marked to indicate that.***Section I**

Manufacturer's name

**SHERWIN INCORPORATED**

Emergency Telephone Number

**TRANSPORTATION EMERGENCY: 800-424-9300****SHERWIN INCORPORATED; 562-861-6324**

Address (Number, Street, City, State and ZIP Code)

**5530 BORWICK AVE.**

Telephone Number for Information

**562-861-6324****SOUTH GATE, CA 90280**Date Prepared **January 2012**

Signature of Preparer (optional)

**Section II—Hazardous Ingredients/Identity Information**

Hazardous Components (Specific Chemical Identity, Common Name(s))

OSHA PEL

ACGIH TLV

Other Limits Recommended

% (optional)

**Hydrocarbon propellant (Liquefied Petroleum gas) LP.G.****CAS no. 68476-85-7****none listed****1000 ppm****--****--****Acetone****CAS no. 67-64-1****1000 ppm****500 PPM TWA  
750 ppm STEL**

**NOTE: Spray can package contain a liquefied petroleum gas (similar to propane) which is extremely flammable. Contents of spray cans are UNDER PRESSURE. Do not puncture, incinerate, burn, compact or heat. Exposure to temperatures above 120°F may cause bursting. Avoid prolonged exposure to sun rays. STORE UNDER 120°F. Do not place on heated surfaces. Do not use as a hammer or otherwise misuse. Keep away from sparks, torches, welding areas and open flames. Do not use in confined area or area with little air movement. Employ means to prevent vapor buildup.**

**HMIS- F-3, H-1, R-0, S-0**

Boiling Point	N/A	Specific Gravity (H <sub>2</sub> O = 1) approximately	N/A
Vapor Pressure (mm Hg)	50 psig @ 70°F in the spray cans	Melting Point	N/A
Vapor Density (AIR = 1)	N/A	Evaporation Rate (Butyl Acetate = 1)	N/A

Solubility in Water **Not soluble**Appearance and Odor **Spray can package - white liquid, petroleum odor****Section IV—Fire and Explosion Hazard Data**

Flash Point (Method Used)	Flammable Limits	LEL	UEL
<b>Not applicable to spray cans</b>	<b>Propellant</b>	<b>1.8% vol.</b>	<b>9.5 % vol.</b>

Extinguishing Media

**Carbon dioxide****Foam****Dry chemical**

Special Fire Fighting Procedures

**Spray cans under pressure are an explosion hazard exist. Do not enter spray can storage area if fire present.**

Unusual Fire and Explosion Hazards

**The spray cans are pressurized with a flammable gas as propellant. Considered "extremely flammable". Explosion hazard exist when spray cans heat up.**

## Section V—Reactivity Data

Stability	Unstable		Conditions to Avoid <b>Open flames. Build up of vapors. High temperatures. Hazards normally associated w/aerosols.</b>
	Stable	X	

Incompatibility (*Materials to Avoid*)

**Strong oxidizing materials**

Hazardous Decomposition byproducts

**Carbon monoxide and carbon dioxide**

Hazardous Polymerization	May occur		Conditions to <b>N/A</b>
	Will Not Occur	X	

## Section VI—Health Hazard Data

Route(s) of Entry: Eyes?	<b>Primary</b>	Inhalation?	<b>N/A</b>	Skin?	<b>Primary</b>	Ingestion?	<b>N/A</b>
--------------------------	----------------	-------------	------------	-------	----------------	------------	------------

Health Hazards Acute & chronic:

**Breathing of vapors may cause anesthesia, headache, dizziness and upper respiratory irritation. Skin contact may cause drying of the skin and / or irritation. Eye contact may cause irritation, tearing and redness. Swallowing may cause irritation, nausea, vomiting and diarrhea. Aspiration into the lungs may cause pneumonia.**

Carcinogenicity	NTP?	<b>No</b>	IARC Monographs?	<b>No</b>	OSHA Regulated?	<b>No</b>
-----------------	------	-----------	------------------	-----------	-----------------	-----------

Signs and Symptoms of Exposure

**EYES: irritation INHALATION: Light headedness SKIN: Moderate irritation**

Medical Conditions

Generally Aggravated by Exposure

**Skin contact may aggravate existing dermatitis.**

Emergency and First Aid Procedures

**EYES: Immediately flush eyes w/ water and continue washing for at least 15 minutes. Obtain medical attention without delay. SKIN: Wash with soap and water. Remove contaminated clothing. INGESTION: DO NOT INDUCE VOMITING. Obtain medical attention. If vomiting occurs spontaneously, keep head below hips to prevent aspiration of liquid into the lungs. INHALATION: Remove to fresh air.**

## Section VII—Precautions for Safe Handling and Use

Steps to Be Taken in Case Material Is Released or Spilled

**With aerosols, spills of consequence are unlikely. Eliminate all open flames and sources of ignition in vicinity of spill or release vapor. Ventilate area. DO NOT allow vapors to build up. Absorb spills w/absorbent material. (A fire or vapor hazard may still exist as absorbent material will absorb only liquids, not vapors.)**

Waste Disposal Method

**Place contaminated materials in disposable containers and dispose of where permitted under federal, state. Local regulations. Leaking spray cans should be placed in an open pail until pressure has dissipated.**

Precautions to Be Taken in Handling and Storing

**Storage: Store spray cans in cool ventilated area away from sources of ignition such as sparks, flames and welding arcs. DO NOT store above 120F. Check w/local fire dept. for storing requirements.**

Other Precautions

**Emptied containers retain vapors and product residues. DO NOT cut or weld on or near the container. Retained vapor is explosive. dispose of empty spray cans properly. DO NOT incinerate, crush, compact or burn.**

## Section VII—Control Measures

Respiratory Protection (*Specify Type*)

**Not normally required. (Vapor concentration from spray cans sufficient to warrant respiratory equipment, should not be permitted.)**

Ventilation	Local Exhaust	<b>Sufficient to keep vapor concentration below the TLV</b>	Special	<b>None</b>
	Mechanical ( <i>General</i> )		Other	

Protective Gloves

**Plastic, rubber or neoprene**

Eye Protection

**eyes.**

**Splash glasses or goggles, if possibility of spraying in the**

Other Protective Clothing or Equipment

**None**

work / Hygienic Practices

**Wash hands before eating, drinking, smoking or using toilet facilities. DO NOT smoke.**
