

## TECHNICAL DATA SHEET

# AC80SL

## Graffiti Shadow Remover

**Code 2540**

### DESCRIPTION

AC80SL is a strong alkaline liquid detergent compound. AC80SL will remove the residue of most paints left in the pores of substrates as a follow up step to the use of a paint stripper especially when removing graffiti.

### FEATURE & BENEFITS

- Safe to use on epoxy coatings and most metals
- Non-toxic and biodegradable
- Contains no phenolics, chlorinated solvents or heavy metal salts

### DIRECTIONS FOR USE

Exterior Building Services: Apply by brush or spray use neat or 1:1 water solution of AC80SL Graffiti Shadow Remover, 3 x 10 minute intervals. After this period hose off with high pressure water. This saturation process helps soften the remaining pigments in the substrate. Best results are achieved with hot water.

### PHYSICAL PROPERTIES

|                       |   |
|-----------------------|---|
| Appearance:           | Clear, light yellow liquid                            |
| Odour:                | Nil   |
| Specific Gravity:     | 1.25  |
| Flash Point:          | Nil, Non-flammable                                    |
| Foaming Properties:   | Low to Medium   |
| Rinsability:          | Good  |
| pH of 1% Solution:    | 12.5  |
| Stability:            | Good in hot and cold water                            |
| Effects on Materials: | Will attack paint & soft metals especially aluminium. |

### FIRST AID

AC80SL contains Caustic Soda. Precautions should be taken to protect skin and eyes. Refer to the Material Safety Data for further information.

### Ordering Information

| Code    | Packaging |
|---------|-----------|
| 2540/42 | 5 Litres  |
| 2540/51 | 20 Litres |
