

TECHNICAL DATA SHEET

DWP 80

Code 7704

Dewatering Fluid and Drying Agent

DESCRIPTION

Callington DWP 80 is a solvent based dewatering product, containing a special blend of surfactants and dewatering additives.

FEATURES & BENEFITS

- Excellent water displacing capability.
- Provides a clean separation from water or alkaline solutions, allowing for easy separation and longer bath life
- Highly penetrative, providing excellent dewatering of components with complex geometries.
- High stability and resistance to acidic and alkaline contaminants, which ensures increased bath life and protection.

APPLICATION

Callington DWP 80 is used for the rapid removal of residual water from steel parts and for accelerated drying of steel, plated surfaces, glass and optical lenses, and especially for use on parts that cannot be subjected to heat.

Callington DWP 80 is normally applied by dip immersion, with a limited amount of agitation preferable, in order to allow the displaced water to separate quickly.

TYPICAL DATA (note: data is typical and does not constitute a specification).

Test	Method	Units	Data
Appearance	Visual	-	Clear
Density @ 30°C	ASTM D1298	g/mm ³	0.78
Flash Point °C	DIN 51755	°C	45
Kinematic Viscosity @ 40°C	ASTM D445	cSt	1

- Film thickness specified is average value. Actual film thickness depends on the surface finish of the part, as well as geometry, such as holes/recesses.
- Actual drying time can vary due to ambient temperature and relative humidity.
- Indoor storage refers to the storage of parts in closed storage with relative humidity of 60% or less.
- Outdoor storage refers to open storage which assumes primary protection from the elements by some form of waterproof cover.

ORDERING INFORMATION

Product Code	Packaging
7704/64	200 litres

STORAGE

Keep container closed, prevent exposure to frost, and prevent water ingress. Store in cool, dry conditions, avoid direct sunlight. Indoor storage is preferable.

WARRANTY – All statements, information and data presented herein are believed to be accurate and reliable but are not to be taken as a guarantee, expressed or implied, for which seller assumes legal responsibility and they are offered solely for your consideration, investigation and verification. Statements or suggestions concerning possible use of this product are made without representation or warranty that any such use is free of patent infringement and are not recommendations to infringe on any patent.
